Internal Bracketry is designed to be visible and available in 3 standard powdercoat colors. Brackets are mostly hidden on all tables except laptop, but provide a subtle accent color enhancing the design.

Precision molded bent plywood legs with veneer faces maximize strength and longevity.

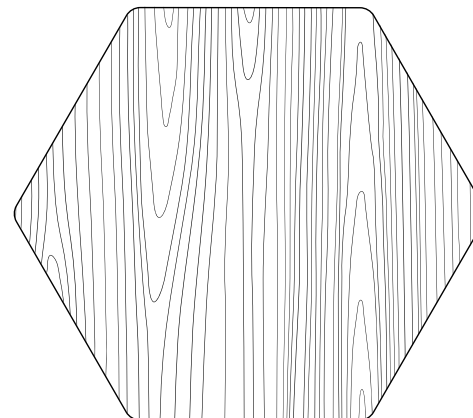

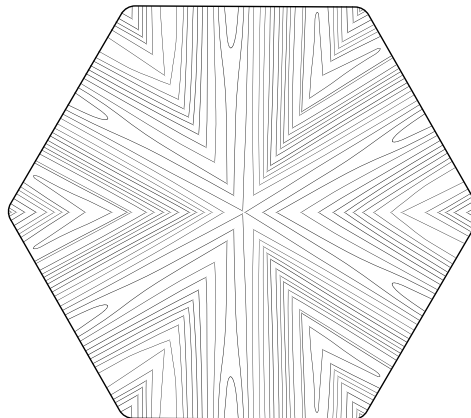

Veneer, Laminate and Fenix Laminate tops are 1-1/8" with an Infinity Edge. Edge is stained to match top surface. Compact Laminate is Fenix soft touch that is 12mm thick.

Multiple heights allow nesting creating a landscape of tables in a space.

TOP VENEER OPTIONS

STARBURST

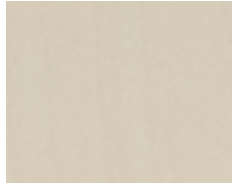

LINEAR
